Agenda

1) Progression Pathways

2) Tentative Subject Combinations

3) Supporting your child's ECG journey

For more information on Full Subject-Based Banding (Full SBB) and the different pathways, please visit the MOE website.

Full Subject-Based Banding (Full SBB)

Full SBB aims for students to:

a) have **greater ownership** of their learning according to their **strengths, interests** and **learning needs**;

b) have more **opportunities to interact** with peers of diverse strengths and interests; and

c) have **more options for post-secondary pathways**, while ensuring that they have **strong fundamentals**, and can **thrive in their chosen pathway.**

Progression Pathways

Singapore-Cambridge Secondary Education Certificate (SEC) Examination

- From the 2027 graduating cohort, students will sit for the new Singapore-Cambridge Secondary Education Certificate (SEC) examination, comprising different papers for each subject level.

- Students will receive an SEC that reflects the subjects and subject levels that students offer.

After PSLE	Start of secondary school	End of secondary school	Post secondary
Entry to Secondary 1 Through Posting Groups (i.e., Posting Group 1, 2 or 3)		**Singapore-Cambridge Secondary Education Certificate (SEC) examination**	**Revised post-secondary admission criteria**

From 2027, all students will sit the Singapore-Cambridge Secondary Education Certificate (SEC) examinations

	Current		From 2027
	N-level exams	**O-level exams**	**SEC exams**
Non-written exam components (for example, oral, listening comprehension, practical exams)	Held before the start of the written exams.		
English language written exams	Held together with other written exams for N- or O-level subjects respectively.		Held in September alongside MTL written exams.
Mother tongue language (MTL) written exams	Held in one sitting for Normal (Academic) and Normal (Technical) streams.	Held in two sittings, one mid-year and one during the O-level written exam period.	G1/G2/G3* MTL and G3 higher MTL exams held in **one** sitting in September with English language written exams.
Other written exams	Held between mid-September and mid-October.	Held between mid-October and mid-November	**One common exam period**, starting in October.
Results release	In mid-December.	In mid-January the following year.	**One common release** in January the following year.

Available post-secondary pathways for students taking a mix of G2 and G3 subjects

Post-Secondary Pathway	Required number of subjects
(1) Junior College (JC) and Millenia Institute (MI)	5 subjects at G3 level
(2) Polytechnic Year 1	4 subjects at G3 + 1 subject at G2
(3) Polytechnic Foundation Programme	5 subjects at G2
(4a) Year 2 of 3-year ITE Higher NITEC	(For students offering mix of G3 & G2) ELMAB3 $\leq$ 19 points, based on G2 grades, and meet the minimum entry requirements
(4b) Year 1 of 3-year ITE Higher Nitec	4 subjects at G1

Downward Grade Mapping Table from G3 to G2 and from G2 to G1		
G3	G2	G1

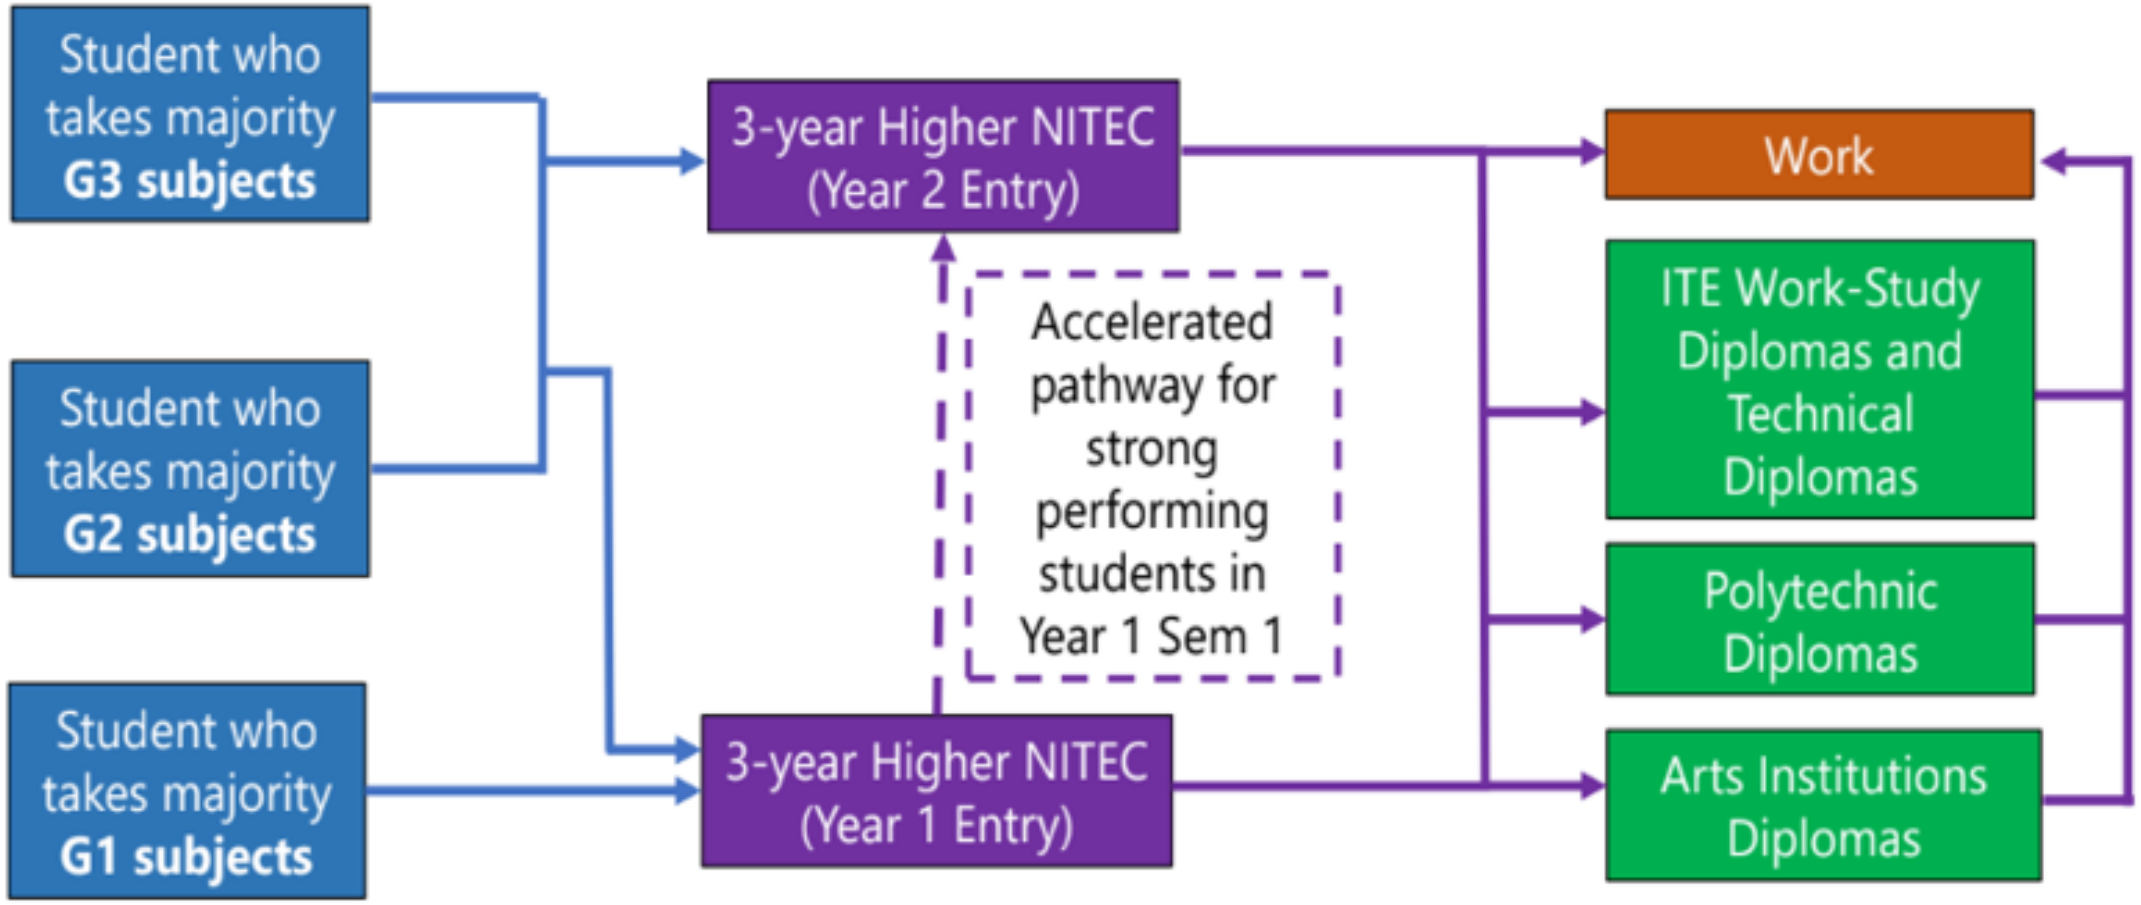
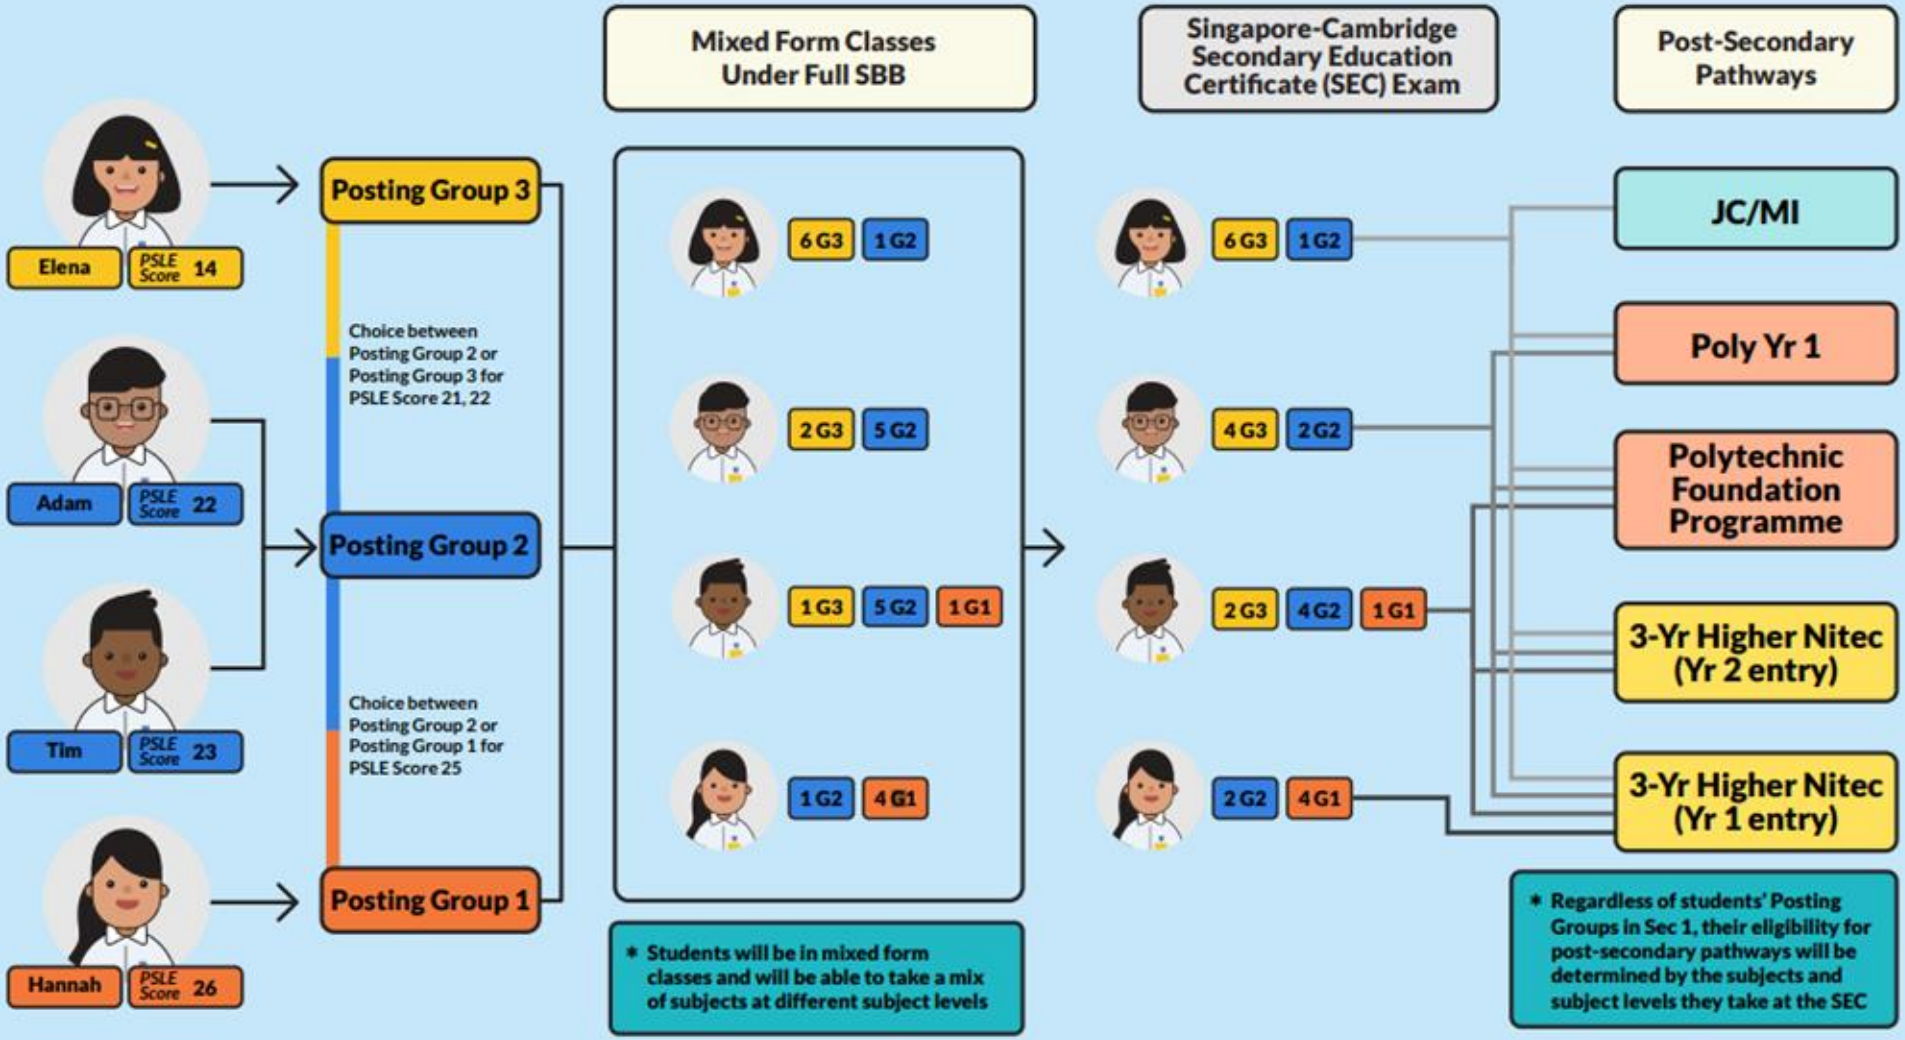
Post-Secondary Progression to ITE in 2028



Secondary School Experience and Post-Secondary Pathways Under Full SBB

Ministry of Education
SINGAPORE

From 2024, you can take subjects at different levels, eg. G1, G2 or G3, which suit your strengths, interests and learning needs. Along the way, your teachers will guide you to make adjustments as needed. At the end of Secondary Four, all students will take the Singapore-Cambridge Secondary Education Certificate examinations. There will be more options for your post-secondary pathways, and many more opportunities to excel in the pathway you choose. The future is yours to make!



Information presented is accurate as of March 2024

Subject Selection Process & [Tentative] Sec 3 Subject Combinations

More demanding level/Less demanding level

- Students who did not offer EL, MTL, MA and/or SCI at a more demanding level (including HMTL) in lower secondary could start to offer the subject(s) at a more demanding level from the start of S3 if they are deemed able to cope with the subject at a more demanding level.

- A common reference would be obtaining an overall score of 75% or higher for the subject(s) at the current subject level (criteria for offering of subjects at MDL at start of Sec 3).

Offering Subjects at More Demanding Level at Secondary 3

- Students can offer subjects at existing subject level(s).

E.g., Student taking G2 Math in Sec 2 may continue with G2 Math in Sec 3

- Students who meet the criteria for the offering the subject at a more demanding level can offer the subject at Sec 3.

E.g., Student offers G1 English Sec 2, and scored a subject overall mark of <u>75% or better</u> can offer G2 English in Sec 3

Post-Secondary Admissions Exercise (PSE)
